**GUIDE TO APPROVALS:**

Environmental/Cultivation: Environmental authorization allowing the crop to be grown in the country.

Environmental/Import: Environmental authorization allowing the crop to be imported into the country for use in food, feed, or processing.

Food: Allowed to be consumed by humans.

Feed: Allowed to be consumed by animals.

Safety Certificate: Accompanies specific shipments into China of grain or other GM products already authorized for import by China's Ministry of Agriculture (MOA)

\* : Markets where approvals were not necessarily needed or where approvals are currently in progress
